

BUSINESS SERVICES

Alexandria
Economic
Development
Partnership

For all Alexandria businesses, AEDP provides customized support services including:

Access to Business Intelligence and Industry Experts

- Meet 1:1 with businesses to hear their concerns and share resources
- Technical assistance and 1:1 counseling services to identify growth opportunities and help resolve challenges
- Market data and custom research
- Timely and educational webinars, workshops, and bootcamps

Workforce Support and Site Selection

- Real estate location assistance
- Real estate data, labor data, and custom research
- Assistance with recruiting new workers, interns, or project-based support

Ecosystem Building and Connections

- Liaison between businesses and city government for services such as permitting, licensing, workforce development, and taxes
- Broker relationships between and among the business community and service providers, such as nonprofit and community organizations, educational institutions, business associations, and city services
- Host events to foster and grow networking opportunities and connections in the business community
- Marketing & PR opportunities (CEO profile, social media highlights, ribbon cutting, awards nominations etc.)
- Matches interested business owners with experienced and connected business mentors

AEDP services for expanding businesses

- All of the above
- Incentives support

Our team looks forward to supporting your Alexandria business!
